1. Background Information

About the school

- 1.1 Henley-in-Arden Montessori Primary School is an independent co-educational school for pupils aged between 4 and 11, which includes a group of children in the Early Years Foundation Stage. It shares the site with Merrydays Montessori Nursery, which is inspected separately. The primary school opened in 2007 to provide full-time education for up to 20 boys and girls aged between 4 and 11 years old. It is owned by a proprietor who has taught at Merrydays since 1997, and who became principal in 2000. Pupils are taught as one class in line with the Montessori philosophy. The previous inspection of the school was undertaken by Ofsted in January 2018.
- 1.2 During the period March to August 2020, the whole school remained open only for children of key workers. During this period of closure the school provided remote learning materials for all pupils.
- 1.3 In the interests of infection control during the COVID-19 (coronavirus) pandemic, inspection evidence was gathered partly remotely and partly on-site to reduce contact within the school setting.
- 1.4 In line with the direction given by the Department for Education (DfE) at the time, no evaluation has been made of the nature or effectiveness of any provision made during the period March to August 2020, including its impact on pupils' learning, achievement or personal development. Any concerns relating to pupils' welfare during this period which directly relate to measures implemented by the school have been considered.
- 1.5 During the lockdown period of January to March 2021, all pupils other than the children of key workers or vulnerable pupils received remote learning provision at home.
- 1.6 Since 2020, EYFS profiles have not been externally moderated.

What the school seeks to do

- 1.7 The school aims to successfully implement the philosophy, practices and curriculum of Maria Montessori through a holistic approach to education, and enable children to learn at their own pace. The school strives for children to feel safe, secure, and confident; to become resourceful individuals and fulfil their potential within a nurturing environment, skilfully guided and supported by staff. It sets out to ensure pupils have time to reflect and be creative in order to promote socialisation, respect and enable children to live in harmony with others in the small society of their school. It aspires to establish positive relationships between peers, younger children and adults in order to create an effective partnership within the whole school community.

About the pupils

- 1.8 Pupils come from a range of professional families from diverse cultural backgrounds within a 20-mile radius of the school. The school does not use standardised tests of ability. No pupil in the school has been identified as having special educational needs or disabilities (SEND) and none has an educational, health and care plan. English is an additional language for four pupils who are supported by their teachers.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage statutory framework, and for registered settings the full range of the Early Years Foundation Stage provisions is considered. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Links to the standards and requirements can be found here: [The Education \(Independent School Standards\) Regulations 2014](#), [Early Years Foundation Stage Statutory Framework](#).

COVID-19: Inspection judgements do not cover the period March to August 2020 inclusive.
